A member of FAS Nonprofit Suite™ — an integrated asset management solution.

For maximum performance and scalability in fixed asset management, FAS Nonprofit Asset Accounting *for SQL Server* provides advanced features and processing speed for larger nonprofit organizations needing help with fixed asset management. FAS Nonprofit Asset Accounting *for SQL Server* delivers the same dependable depreciation calculations, financial reports, and detailed asset management as FAS Nonprofit Asset Accounting, but leverages the power of Microsoft® SQL Server to offer a scalable client/server architecture. If you're managing over 10,000 fixed assets, FAS Nonprofit Asset Accounting *for SQL Server* is your organization's ideal solution.

Gain greater speed, flexibility, and scalability.

- Enhanced history tracking captures critical “before and after” fixed asset conditions
- Powerful, flexible reporting in as little as one-tenth the time it takes other systems
- Faster processing times with SQL Server and Windows NT® Server infrastructures
- Scalability with client/server architecture and support for multiple databases
- Seamless integration with FAS Nonprofit Asset Inventory™ *for SQL Server*
- Includes FAS Report Writer™ for customization of standard reports, creating ad-hoc reports, enabling graphics, drilldown, and batch reporting capabilities

(over, please...)

- Powerful allocation feature distributes fixed asset cost and depreciation to multiple funding sources
- Over 25 ready-to-use reports
- Integrates with your General Ledger solution and proprietary systems

Customizable features help increase productivity.

- Easy-to-use reporting tools for creating detailed custom reports and modifying standard FAS Nonprofit reports
- Fully customizable data entry fields
- Customizable "SmartLists" ensure consistent and accurate data entry with user-defined drop-down lists
- Customizable "Group Manager" helps you organize and view only the assets you're interested in

FAS Nonprofit Asset Accounting™ for SQL Server

Asset ID	Description	Asset	Cost	Depreciation	Current Balance
101-0001	Office Computer	1000	500	100	400
101-0002	Office Computer	1000	500	100	400
101-0003	Office Computer	1000	500	100	400
101-0004	Office Computer	1000	500	100	400
101-0005	Office Computer	1000	500	100	400
101-0006	Office Computer	1000	500	100	400
101-0007	Office Computer	1000	500	100	400
101-0008	Office Computer	1000	500	100	400
101-0009	Office Computer	1000	500	100	400
101-0010	Office Computer	1000	500	100	400

Simple, straight-forward, and fast—the easiest-to-use depreciation software in the industry.
